Data Element Names

The following syntax is used throughout this document when referencing data elements.

Format: *NSWERS Field Name [File Specification: Field Name (Field Number)]

Notes of Importance

- Any values that contain a comma must be enclosed with quotes.
- Data fields should be ordered in the same sequence as identified in this document.

All files should be submitted in .csv format.

To maintain data privacy and security, and to preserve the informational chain of custody, NSWERS staff cannot edit original source data files. It is the responsibility of each data contributing partner to resolve errors discovered during data submission, validation, and certification processes. Corrected data files should be re-uploaded by partners into the NSWERS data system.

| <i>Code</i> | <i>Description</i> | <i>Explanation of Use</i> |
|-------------|----------------------------------|--|
| 1 | Hybrid (Face-to-Face and Online) | A course offering that depends on both academic technology and face-to-face contact as significant components of communication between student and instructor, and among students. One-third to two-thirds of the student/faculty and student/student contact time is online. The remaining communication is face-to-face – similar to a traditional class. |
| 2 | Online Only | A course offering in which the majority of the instruction occurs when the student and instructor are not in the same place. An online course uses academic technology to mediate most teaching and learning, but it may require up to two hours of face-to-face meetings within the term. These face-to-face class meetings may be used for activities such as orientation, special in-class presentations, or exams. |
| 3 | Traditional (Face-to-Face) | A course offering that depends on face-to-face contact such as lecture, discussion, demonstration, and direct exchange of materials as the primary method of communication. Face-to-face courses usually have a fixed day and time and are scheduled in a classroom, laboratory, or studio. However, courses with a TBA pattern, such as supervision, can also have an instruction mode of face-to-face. The majority of classes are scheduled in a face-to-face format. |
